

澜湄水资源合作中心

LANCANG-MEKONG WATER RESOURCES COOPERATION CENTER

To: Dr. Somkiat Prajamwong

Secretary General of Office of the National Water Resources of
Thailand

Head of JWG Thailand

25 March 2021

**Subject: Master Program on Youth Talent for Lancang-Mekong Water
Resources Cooperation**

Dear Sir/Madam,

We are very pleased to inform you that the Lancang-Mekong Water Resources Cooperation Center (LMC Water Center) collaborated with Hohai University has successfully applied Silk Road Scholarship for the fourth year, which is the Master Program for Lancang-Mekong Water Resources Talents. Over the past four years, more than 100 youth talents from the Mekong countries have been rewarded to acquire master's degree at Hohai University for the Lancang-Mekong Water Resources Cooperation. Many of them have played a positive role in promoting water resources cooperation in the Lancang-Mekong Basin.

Recruiting for 2021 will begin now. The applicant should have a relevant bachelor degree with a major relating to water resources. With a standard schooling of 3 years the master program is open to the Mekong countries.

The scholarship consists of tuition, accommodation, comprehensive medical insurance and living allowance(3000RMB/month), while international airfare is not included. The recommended candidates should have water-related work experience or a bachelor degree or above in water resources, under age 35 (born after September 1, 1986) with a good mastery of English. Please find the details in the attachment.

We would like you to recommend 3-5 candidates from the Mekong countries. The candidates should be young officials or engineers or researchers from water related governmental departments, research institutes, and enterprises. Outstanding graduates from universities are also welcome. Please be kindly noted that the deadline for online application is 30 April 2021. After the completion of application an interview will be organized by the LMC Water Center and Hohai University in the form of WeChat video chat and face to face talk to select qualified talents from the applicants. The admitted applicants will be enrolled in early September this year.

Attached hereto are the Admission Brochure and the Physical Examination Form. It is very much appreciated if you submit the list of candidates to us before 20 April 2021 and help the candidates to fulfill their online application by 30 April 2021.

Should you have any questions, please do not hesitate to contact:

Ms. Li Yan Hohai University liyan26@hhu.edu.cn

Ms. Zhou Min LMC Water Center lm@lmwater.org.cn

Thank you for your cooperation. Looking forward to your reply.

Yours sincerely,

Lancang-Mekong Water Resources Cooperation Center (LMC Water Center)

2021 Hohai University Master Programs for Lancang-Mekong Water Resources Professionals

About Hohai University:

Established in 1915, Hohai University (HHU) already has a century-old history. Under the direct supervision of the Ministry of Education, HHU has upgraded itself with good momentum of development in hydraulic engineering and water resources as its main focus, education of engineering subjects as its first priority, and coordinated development of a wide array of disciplines. It's a state key university under the "Double First-Rate" Discipline plan, with national level innovation platforms as well as the graduate school.

HHU has been carrying out international communication and cooperation actively and built close relationships with more than 80 first-class universities and research institutes around the world. It's the first batch of universities authorized to grant doctoral, master and bachelor's degrees to international students and has cultivated thousands of international talents till now.

Degree and Education Duration:

Hohai carries out a flexible schooling system. The standard academic master program is 3 years, the duration is minimum 2 years and no more than 5 years.

Majors:

Hydrology and Water Resources	Civil Engineering
Hydraulics and River Dynamics	Environmental Science and Engineering
Hydraulic Structure Engineering	Public Administration
Water Conservancy & Hydropower Engineering	Resettlement Science and Engineering
Harbor, Coastal and Offshore Engineering
